Top Tips

- ☐ Aim to start checking around 21-24 days before your policy is due for renewal, as this is seen as the optimum time to get some of the best deals
- ☐ Always check to ensure your policy isn't set to automatically renew. You will get a reminder and then check to see the most suitable offer - it's all about choice
- ☐ You can either store your docs on your device, print off or ask them to be posted to you
- ☐ By using an online service your requirements are stored ready for next time, saving time
- ☐ **Any questions?**

Are you entitled to more support?

- ☐ Circumstances change and we often forget to check if we are entitled to a bit of help
- ☐ Online forms can seem a bit daunting but can be made easier with a bit of help
- ☐ In some instances, there is an eligibility checker before completing
- ☐ You may be surprised to realise you might be entitled to apply for a disabled badge (can be used if being driven by others to assist you)
Example available (2 recent successful applications)
